

NEURON RACE REACTION GAME

The Neuron Race is a challenging, quick paced two player game that will test your reaction times.

Each player has 9 buttons in front of them the aim is to strike the lights as they appear at random, more than one light will appear at once so you will need to be quick! Make sure you don't strike an unlit light as this will deduct points from your score.

The Neuron Race comes complete with an electronic score display on the game, sound effects. We can also supply a magnetic leaderboard if you wish to display the game scores throughout the event.

As standard the game comes complete with a black table skirt but you can upgrade to a LED table which is perfect for evening entertainment, it really does add the wow factor.
