

LED POOL TABLE

Our Pool Table is professional quality 7ft table with LED lights. The lights are visible in daylight but really do take full effect in a dimly lit or dark area. There are several light colours to choose from and they run from a battery pack (around 4 -6 hours). The lights can run for longer with additional batter packs or when plugged into a mains power socket.

It comes with two full sized pool cues, triangle and chalk. The Pool Table comes as standard with the LED lights but if you would prefer not to have them switched on that's no problem we can just leave them turned off.

GAME SPECIFICATION

 NUMBER OF PEOPLE:	2-4 People at a time
