

TAP THE APP (STEADY HAND GAME)

Hold your nerve and take on the giant smart phone steady hand game. Remove all pieces (apps) from the game board using the electromagnetic wand with as few faults as possible, if you touch the sides the alarm will sound and the app will fall back into the game board. Each time the alarm sounds a fault is recorded on the LED score board located at the top of the game so you can see your final score and how steady your hand is. Can you remove all 12 apps without a single fault?

THEMING AND CUSTOMISATION

Tap the App will keep guests entertained and challenged. The game comes as standard with a black skirt or a Tap the App themed skirt. But if you want something extra special for your event why not enquire about our LED table, perfect for those evening events.
